

MOLE VALLEY ORIENTEERING CLUB invites you to a
LEVEL B UKOL and South East League Event
SUNDAY 23rd February 2014

- Venue:** Pippingford Park and adjacent parts of South Ashdown, nr Nutley, East Sussex.
- Terrain:** A mixture of semi-natural woodland and heather heathland, with more contours than are usual in the south-east. The area has a network of tracks but is otherwise nearly pathless. Pre-historic earth banks provide line features in some places. Heavy grazing by wild deer reduces the woodland ground vegetation and creates transient (unmapped) pathways. The thicker heather which used to make for hard going in the eastern part of the area has now been thinned by Exmoor ponies.
- Car Parking:** Next to the assembly area, just off the A22 between Wych Cross and Nutley, at GR TQ437303, Postcode TN22 3HW – there will be a charge of £2 per car.
Please note this not the same parking and assembly as for the preceding Night Event.
- Public Transport:** For trains to East Grinstead please see <http://www.southernrailway.com/> Buses from there will drop you at Wych Cross and it is then approx 2km walk to assembly.
- Map:** By Mike Elliot MV, Winter 2013. Scale: 1:10,000 5m contours
- Starts:** Starts 10:00 - 12:30.
- Courses:** Full range Black through to White – enter the appropriate course for your age group. All age related courses attract ranking points but you must run the 'L' class for your age group to be eligible for UKOL points.
Regrettably we do not anticipate being able to offer a String Course but the nearby Llama Park offers a child friendly visit option, see <http://www.llamapark.co.uk/> or there is always Pooh Stick Bridge and the other Winnie the Pooh related sites, see <http://www.just-pooh.com/map.html>
