MOLE NIGHTS 2012/2013

REIGATE

Wednesday 14 November 2012

Mole Valley is running a series of low key evening events during the winter months of 2012 and 2013. Please check www.mvoc.org for details of events in this series:

Location: Reigate town centre.

Parking: Parking is in Upper West Street car park; the car park can only be accessed from Upper West Street (which is one way), there is no access from London Road. Grid reference is TQ250504, nearest post code is RH2 9HX. Parking is free after 6pm.

Public transport: Reigate train station is 500m from the car park.

Format: The event is a 1 hour score event on an A3 1:4,000 urban map of Reigate. Maps will be printed on waterproof paper. There will be 30 control sites with competitors visiting as many as possible in the 1 hour. Some of the control sites will have SI units and some will be features that will require a written response.

PLEASE BRING A PEN: You will need this to write down your answers to clues.

Entry Fee: £2. Free to Moles.

Entry system: There are no pre entries for this event. However, to ensure we print enough maps please register your interest and reserve a map. To do this, email the planner murphythomas@sky.com. If you don't reserve a map, you may turn up and find you don't get a run.

Starts: Mass start at 7.30pm, no latecomers please.

Apres-O: Gather at the Bull's Head on the High St after the event for socialising and food if you wish.

Safety: Unfortunately BO insurance does not cover those under 16 for running on urban streets. Therefore anyone under 16 must be accompanied by a responsible adult.

Last minute changes: Please visit the MV Web site before travelling to check for last minute changes or new information about this event. www.mvoc.org

Results: Will be produced informally on the day if time and circumstances allow and may be available at the MV web site at some point after the event.

This event is planned and organised by Tom Murphy.

You are responsible for your own safety and you take part in this event at your own risk
